Yes, in two ways, Ofter your home with all repairs made before the sign goes up and you are more likely to receive "full price" offers. If not, buyers will likely deduct \$2 for every \$1 in needed repairs. Before selling your home, ask your REALTOR* to provide an objective opinion of your home's appeal to buyers, including needed repairs.

WANT TO KNOW HOW TO GET OTHER PEOPLE TO CLEAN OUT YOUR HOUSE?

Do you have boxes that have never been

unpacked since your last move?

They usually include items that aren't used anymore, but are too good to throw out or give

away.

Why keep lugging these boxes around when you could turn them into cash. Haul them one last time into your garage, hold a sale and let a classified advertisement help. You might be surprised by how many people have need for items that you no longer use. And you'll be amazed at the number of these folks you can reach through a low-priced classified ad.

Lighten your load and make some extra cash in the process. Unpack those boxes and call us today to place a garage sale ad that will get results.
